Good morning, everyone. The only workable time on EPA schedules for a LDF/EPA caucus prior to the 6 July tech meeting with WDNR is tomorrow - Friday, 30 June, at 9:00. If you are part of the tech team, please respond with your availability.

All parties agree that a managers' meeting is also needed to address broader issues. I understand scheduling efforts last week were unsuccessful. Please let me know if such a meeting will be arranged. Thanks.

V/r,

Anthony Greenwater, Director

Thank you Anthony,

We have not heard back on the outstanding EPA-Tribe call needed before the July 6th State call.

Tribal Staff will be unable to proceed with the July 6th call with the State until the outstanding EPA-Tribe conference call occurs.

Kristen

All: Even though your conversation on 21 June 2017 has been overtaken by another discussion with WDNR and REI on the next day - and even more by all the productive calls and emails since - I wanted to close out the earlier caucus call. I attached my notes. There are some important items and thoughts that you may want to take up in the future.

Vr,
